Allowable Subject Matter

Claims 2-7, 9-15, 17-24, 26-29, 32-38, 41, 42, 44 and 45 are allowed over the prior art record.

1. The following is an examiner's statement of reasons for allowance:
2. The closest prior art of record Bonissone et al. (US Patent 6,141,648) teaches a method for estimating the price per square foot of real property. MT199310 AG teaches how to cultivate a successful lawn. Ueda (JP 10091334) teaches a system for estimating job costs.

Claims 4, 11-15, 19, 21, 24 and 45 are dependant on these allowed claims and are allowed for at least the same reasons.

B. A real estate database to store information describing one or more real properties including area of the properties and a processor-to access the stored information and to process an area of one of the real properties to generate an estimate of cost for the landscaping or maintenance service using based on the area of the real property.
